

Nguyen Information Consulting, Inc.

Past Performance Overview

We provide innovative and reliable solutions for a healthier and better tomorrow

Maint. & Support of the CMS Data Element Library (DEL) – CMS/CCSQ - HHSM-500-2015-00287C (K. Tatum)
Support CMS in their efforts to implement the Impact Act to bring about standardization and alignment of data elements across the assessment data collection tools used in the post-acute care settings. Implement processes towards governance and HIT Standards leading to meet interoperability capabilities.

- Program and project management, Program support, process development and re-engineering , HIT Standards implementation and support, outreach, software development and Help Desk.

Post Acute Care (PAC) Quality Reporting – CMS/CCSQ – HHSM-500-2015-00309C / HHSM-500-2012-00050C (E. Cooney / C. Heller)

Implement a set of quality measures for Long Term Care Hospitals (LTCH), Inpatient Rehabilitation Facilities (IRF) and Hospice Care settings. Establish the Rule that is used to define their reporting requirements, provide support for reporting of data, and validate the data being entered. Establish process for Annual Payment Update (APU) and develop means for Public Reporting.

- Program and project management, process development, analytics, rule writing, data validation, outreach, help desk, program support, monitoring and program evaluation.

“Thanks so much. I am looking forward to another year!” [Stella Mandl – CMS 9/13/2013]

Diabetes Self-Management Training (DSMT) – CMS/CCSQ – HHSM-500-2011-00107C (S. Filipovits)

We provide the annual oversight validation process to evaluate DSMT entities accredited by the American Diabetes Association (ADA) and the American Association of Diabetic Educators (AADE). This oversight validation process assists the Centers for Medicare and Medicaid Services in its efforts to determine whether approved national accreditation organizations are functioning in the manner required under Medicare regulations.

- Process validation, Inter Rater Reliability (IRR), data validation, outreach, training and support, auditing

“Thank you so much for all the hard work that you all do! It’s wonderful working with you all and your work products are outstanding! I’m looking forward to another year of DSMT!” [Jacqueline P. Leach – CMS 9/24, 2013]

Measure Authoring Tool (MAT) – CMS/CCSQ - HHSM-500-2014-00237C (S. Filipovits)

The MAT is a web-based tool that allows measure developers to author electronic Clinical Quality Measures (eCQMs) using the Quality Data Model (QDM). The tool provides the capability to express complex measure logic and export measures in several formats, including a human-readable document that can be viewed in a web browser, the fundamental green eCQM XML syntax (SimpleXML), and an eCQM HQMF XML document for integration with EHRs. The scope of the contract in addition to the development of the MAT includes training, support and outreach.

- Software development, web technology, quality measures (eQM / QM), XML HQMF, training, outreach, help desk

Iowa Department of Revenue – Dept. of Taxation

Supply a software quality assurance team to the State of Iowa for the QA (manual and automated) effort associated with the development of the CACTAS project. The work effort includes all system, integration, and assistance of User Acceptance testing of the CACTAS system. In addition there will be some testing of the integration to the Iowa Department of Revenue (IDR) Audit Component for purposes of Work Queue functionality for IDR Auditors, and also for future iterations for Default processing of claims.

- Software Quality Assurance (SQA) – QA planning, test execution (manual and automated) and reporting, process quality assurance

OnPoint Security Group (OPSG)

In support of the physical security and protection of the Bakken Pipeline, we provided Program and logistical support to OPSG for the logistical needs of the guards and managers, which included hotel, local transportation and rental cars in various cities and towns within South Dakota, Iowa and Illinois.

- Logistics, Program Support
